

Priscilla Jospin G

AI & Data Science Undergraduate — Software Developer — AI Engineer

 [PriscillajospinG](#) |  [priscilla-jospin-g](#) |  priscillajospin@gmail.com | +91 6380206687

PROFILE SUMMARY

Artificial Intelligence and Data Science undergraduate skilled in Python, DL, AI, and Machine Learning. Passionate about building scalable software solutions and applying AI to solve real-world problems.

EDUCATION

B.Tech in Artificial Intelligence and Data Science	Aug 2023 – May 2027
Karunya Institute of Technology and Sciences	CGPA: 8.45
Higher Secondary (Class XII)	Mar 2023
State Board	81%
Secondary School (Class X)	May 2021
State Board	100%

EXPERIENCE

AI Engineer Intern — Rapha MedTech	May 2026 – Present
Developing AI solutions using Python, Mediapipe, Computer Vision, and LLMs.	
Data Science & ML Intern — 4i Apps	May 2025
Worked on machine learning, data preprocessing, REST APIs, and backend automation using Python.	

PROJECTS

Privacy-Preserving Enterprise AI Assistant 	AI Project
Built a secure Retrieval-Augmented Generation (RAG) system using Python, FastAPI, vector databases, and LLMs to enable secure enterprise knowledge retrieval with role-based access.	
Transformer-Based Web Application Firewall (WAF) 	AI Project
Developed a Transformer-based WAF to classify malicious HTTP requests using Python and machine learning for real-time web security.	
IEEE Paper Formatter 	Automation Tool
Developed a Python-based automation tool that generates IEEE-compliant research papers from structured inputs using LaTeX, reducing manual formatting effort.	

TECHNICAL SKILLS

Languages	Python, SQL, Java
Analytics	Pandas, NumPy, EDA , Reporting, Data Visualization, Tableau
Databases	PostgreSQL, MySQL, MongoDB , SQL Querying
Backend	FastAPI , REST APIs, Node.js
ML	Scikit-learn, TensorFlow, PyTorch, Mediapipe, LangChain , LangGraph
Tools	Git , Docker , Linux
Concepts	Data Analysis, Automation, Data Pipelines , Problem Solving

ACHIEVEMENTS

Cyberthon 2025	Received Special Mention Award for developing a Cyber Laws AI chatbot focused on cybersecurity awareness.
Smart India Hackathon 2025	Submitted an AI-based academic activity and automated attendance system for educational institutions.

CERTIFICATIONS

Full Stack Web Development (MERN Stack)
AWS Academy Graduate — AWS Cloud Foundations
